## TAFT INDORSED AND DELEGATES PLEDGED; SIMON GIVEN PLUM

**State Republican Convention Controlled  
by Denver Machine Methods Carries  
Out Program Without Hitch—T.  
H. Devine Elected Chairman**

Indorsement of Taft, election of eight delegates and eight alternates, instructed for him to the national convention and election of Senator Simon Guggenheim as national committee man from Colorado to succeed Jesse F. McDonald, composed the business transacted at the Republican state convention at Temple theater yesterday. The meeting adjourned Sunday at 5 o'clock.

The delegates and alternates to the national convention are:

Delegates	Alternates
Simon Guggenheim, Denver.	George Duke, Delta.
T. H. Devine, Pueblo.	William Story, Jr., Ouray.
J. B. Farr, Walsenburg.	James L. Brush, Weld.
Crawford Hill, Denver.	Horton Pope, Denver.
A. M. Stevenson, Denver.	James Williams, Denver.
Irving Howbert, Colo. Springs.	E. J. Boughton, Teller.
A. N. Parrish, Lamar.	Thad Parker, Mesa.
J. F. McDonald, Leadville.	W. A. Braden, Teller.

Thomas H. Devine, of Pueblo, the candidate slated by the Taft forces, defeated Ben Griffith, Roosevelt man, for chairman of the convention by a vote of 656 to 242.

The Roosevelt men in the convention were scarcely recognized, as is shown by the way in which the minority report was brushed aside and the majority resolutions adopted. After the majority had been adopted and a motion made that it be adopted, Merle D. Vincent, of Pueblo, introduced a minority report, moved that it be adopted, substituted resolution and asked that it be open to discussion. This being granted, Vincent made the speech of the day by stating that he was seconded by Attorney General Ben Griffith.

C. C. Dwyer and H. C. Gandy, both of Denver, championed the majority report, and, after allowing the addresses, Chairman Devine of Pueblo put the question on the substitute, which was lost by a vote of 656 to 242. The request for a roll call was denied, and the original or majority resolution was carried.

The majority resolution indorsed Taft and instructed the eight delegates for him, the minority resolution indorsed Roosevelt and provided for two Roosevelt delegates among the eight. Philip B. Stewart, of Colorado Springs, Merle D. Vincent, of Pueblo, and Karl A. Bickel, of Grand Junction, led the Roosevelt men on the floor of the convention while Chairman Devine, assisted chiefly by Judge Charles Cavender of Leadville and John W. Springer of Denver, operated the steam roller.

Convenes at 11 A. M.

State Chairman McDonald called the convention to order at 11 o'clock yesterday morning, and after the invocation by the Rev. Frank Hale Tourist, pastor of Grace Episcopal church, of this city, the official call for the convention was read by Secretary W. C. Blair.

The election of a temporary chairman and secretary was the first order of business, and it was in this elec-

Denver Gets Busy.

And at this point the world-famed Denver Republican steam roller made its appearance, and started to do its work in an effective way. Hardly had Ewing taken his seat before one of the Denver leaders appeared at the back of the hall with a big banner, on which were the words "Denver Solid for Taft." Behind him came another leader with a photo of the "greatest Progressive of the nation," and then came the band and drum.

## ASSEMBLY MEETS IN PUEBLO, AUG. 3

The Republican candidate or candidates to be voted on at the nominating primary of the Second congressional district of Colorado, will be met by the delegate assembly in Pueblo, August 3, at 2 p. m. The congressional committee decided on the time and place at a meeting in the Chamber of Commerce yesterday afternoon. H. J. Baird of Delta county made the motion to call the meeting at Pueblo. No other business was transacted. Robert Kerr and Arthur Cornforth, both of this city, are chairman and secretary, respectively, of the central committee.

The apportionment of delegates to the assembly is as follows: Arapahoe, 5; Baca, 4; Bent, 3; Chaffee, 12; Cheyenne, 6; Clear Creek, 7; Comstock, 10; Costilla, 12; Crowley, 6; Custer, 5; Delta, 18; Dolores, 3; Douglas, 7; Eagle, 6; Elbert, 10; El Paso, 30; Fremont, 24; Garfield, 14; Gilpin, 8; Grand, 24; Gunnison, 8; Hinsdale, 8; Huerfano, 24; Kiowa, 6; Kit Carson, 11; La Plata, 12; Las Animas, 37; Lincoln, 9; Mesa, 25; Mineral, 47; Montrose, 12; Moffat, 5; Montezuma, 6; Otero, 19; Ouray, 7; Pitkin, 5; Prowers, 12; Pueblo, 43; Rio Blanco, 6; Rio Grande, 12; Routt, 10; Saguache, 5; San Juan, 5; San Miguel, 5; Summit, 5; Teller, 17.

## PRIMARY BILL PASSES SENATE IN ILLINOIS

Probably Will Be Reported to House Today, Leaving Three Days This Week For Action

SPRINGFIELD, Ill., March 28.—The senate passed the presidential preferential primary bill with an emergency clause at 12:15 o'clock this (Thursday) morning by a vote of 37 yeas and 1 nay.

It is believed that the bill will be reported to the house this morning. These days the house has been busy with the work in which it is engaged on detail of a presidential primary bill. The senate bill provides for separate balloting for presidential candidates from the congressional districts, and the bill, the delegates are to be instructed by the state vote, provided for the filing of nomination petitions not later than six days before the primaries and directs the secretary of state to certify the names of candidates to the county clerk not later than five days before April 9.

## FRISCO'S UNEMPLOYED THREATEN VIOLENCE

SAN FRANCISCO, March 27.—Violence of a nature that would shake the whole world suddenly, San Francisco's unemployed, who are not given work, was threatened by a committee representing the Industrial Workers of the World, and called this today on Mayor James Rolph. Accompanying the committee were nearly 400 members of the organization. The committee demanded work for the thousands of men out of employment in this city who were being made desperate by empty stomachs.

The visit to the mayor was preceded by a mass meeting in a hall just after which the men marched to the city hall, a few blocks distant. Red flags were a feature.

Mayor Rolph and the public will be a committee of the supervisors and tonight to discuss the situation.

Local Industrial Workers of the World adopted resolutions tonight demanding that Governor Hiram Johnson investigate conditions in San Francisco, where many members of the organization are in jail as the result of street speaking campaigns.

Federal Authorities Probing.  
LOS ANGELES, Cal., March 27.—Federal authorities began an investigation today of conditions at San Diego with a view, it is said, to beginning prosecutions, if the evidence warrants, for alleged violation of the neutrality laws by Industrial Workers of the World.

It is reported to the federal authorities today that the host of Industrial Workers of the World, engaged recently in street speaking demonstrations at San Diego and which resulted in the arrest of more than 100 of them, were awaiting an opportunity to cross the Mexican border into Lower California, to try to establish an independent republic.

## Son of Late Admiral Takes His Own Life

WASHINGTON, March 27.—Philip Hichborn, a young lawyer, son of the late Admiral Hichborn, committed suicide tonight by shooting himself in the head. Despondency over the eloquent last summer of his wife with Horace L. Wyllie, a prominent Washington attorney, probably was the cause. Wyllie and Mrs. Hichborn were last heard of in a case. Mrs. Hichborn was a daughter of the late Henry M. Hoyt, former solicitor general of the United States.

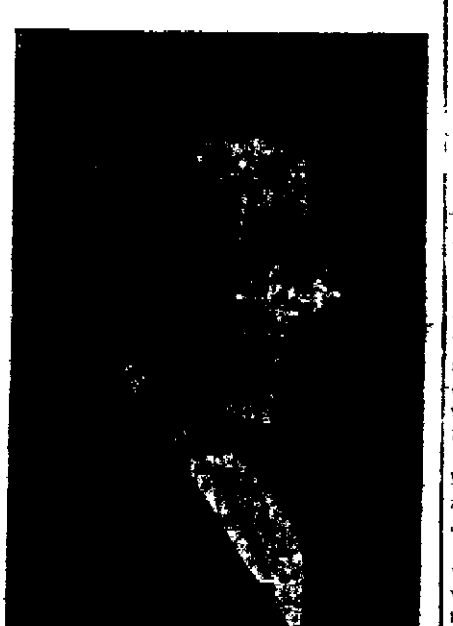

## LEE DE FOREST ARRESTED

SAN FRANCISCO, March 27.—Lee De Forest of the American De Forest Wireless Telegraph company was arrested at Palo Alto, Cal., late today, on an indictment from the southern district of New York charging misuse of the radio.

## VINCENT TELLS TRUTH ABOUT PARTY IN COLO.

Merle D. Vincent, of Pueblo, leader of the Progressives at the Republican state convention yesterday, made the address of the day in his appeal to the delegates to adopt the minority resolutions asking that a pro rata delegation be elected to the national convention, thereby giving the Roosevelt men two of the eight delegates.

"You have noted the substitute res-

MERLE D. VINCENT.

olution asking the convention to give us such a part of the delegates to the national convention as we are entitled to," said Mr. Vincent. "We do not come in here from a statewide preferential primary, and all I ask is that that section of the party which has been elected by primaries be allowed to send its proportionate number of delegates to the national convention in Chicago."

"I am sure that all agree with me that it is a fair and proper demand. As for offering resolutions, I am sure that the demands we make are right. It is the sense of the Republican party in Colorado and we are working for the rule of the majority. We have been regularly and properly elected by the majority, and we are here to stay."

Not Proper Consideration.  
I do not think that the supporters of Roosevelt have received the consideration they should. On February 12, Joseph H. Ewing and I went before the state central committee and asked for statewide preferential primaries, and the members of that committee could give us no valid objection for not accepting our request. The Republicans in Colorado are entitled to primaries. Previous to that time my reference to the central committee had been dignified, respectful and considerate. However afterwards, I felt justified in characterizing it in harsher terms.

The time will come when a majority of the Republican party can nominate the president governor or any other public official, whether national or state, and the time will come when the Republican party will cease to be an instrument in the hands of the political will. We have supported the ticket and tried to make the party reflect the opinion of the Republicans, yet we have been defeated in the last two elections, and there is no reason for it.

Not a Personal Matter.  
"This is not a personal matter. I am simply trying to set forth conditions as they are. You heard the report of the majority, pleading allegiance to protection. The resolutions we stand for protect the mining, agricultural and stockraising industries of this state.

"You talk of protecting the live stock, yet you have voted hides on the free list, and there is no record to show that Colorado voted against it. You ask for protection on sugar—why not also on live stock? The stock raising business is one of the greatest in the state. There is no explanation for it. Your resolutions represent not the party but those in the party who are

## MUST SHOW CAUSE WHY RESULTS IN PRIMARY IN BROOKLYN SHOULD STAND

NEW YORK, March 27.—Supreme Court Justice Russell Benedict at a late hour tonight, issued an order to show cause why the result of the primary election of Tuesday in the Fourteenth assembly district of Brooklyn should not be set aside and a new election ordered.

It is alleged that the election was irregular and void because ballots were not delivered within the time provided by the new primary law and in some cases not at all.

## FRISCO BOND ELECTION

Women Will Be Important Factor in Determining if City Shall Assume Big Indebtedness

SAN FRANCISCO, March 27.—San Francisco will determine tomorrow at a special election whether the city is to be bonded for \$500,000 for the construction of a city hall and the creation of a civic center. San Francisco organization is generally in favor of the plan, but the women voters, who are voting, are not so sure. They are women, most of whom it is believed will vote for bonds.

Since the fall of 1908 the city has bonded its business in rented quarters and approximately half of the money provided for the construction of a new city hall.

The civic center plan provides for purchase of land in the vicinity of the old city hall site. This property will be converted into a park and in the territory thus embraced will be erected a big auditorium from funds provided by the Panama-Pacific International exposition, this building later to become the property of the city. A state building on the property also is a possibility.

Plans for the city hall have been prepared, and if the bond issue is authorized work will begin immediately. It is proposed to have the city center completed by 1916.

## EXTRADITION PAPERS FOR A DENVER MAN

SACRAMENTO, Cal., March 27.—Governor Johnson issued extradition papers today for the return from San Francisco to Denver of W. H. Downing, charged with obtaining money on a confidence game.

Jared L. Brush of Greeley, who has not missed attending a state Republican convention as a delegate in the last 40 years, was among those present yesterday, but it was in an unofficial capacity. Weld county was solid for Roosevelt, but Brush, although a Taft man, couldn't stay away from the party. Brush was lieutenant governor of Colorado for two terms.

Several members of the Teller county delegation were not in their seats during the morning session. The absence of one at least can be accounted for by the fact that he was in the hospital.

## CRIMINAL FARCE IN N. Y.

Warns Illinois Voters to Secure Genuine Direct Primary Law

CHICAGO, Ill., March 27.—The Illinois voters are being warned to secure a genuine direct primary law. The warning comes from the National Association of Direct Primary Legislators, which is holding a convention in Chicago.

## ROCK ISLAND NOW UNDER MARTIAL LAW

ROCK ISLAND, Ill., March 27.—Fear of a possible dynamite outrage as a sequel of last night's fatal explosion caused martial law to be declared by Governor Denison late today at a request of Rock Island municipal and county officials.

The entire Sixth regiment, Illinois National guard, was mobilized here tonight. As a result an early threatened demonstration was averted and Mayor Sorenson relinquished his power to the military authorities.

Sheriff Oscar L. Bruner's fear of "powder men" was substantiated when it was learned that several experienced construction workers familiar with the use of high explosives were mingling with the mobsters. This discovery was followed by a raid on the railroad yards where a score of men were arrested.

A recapitulation of the dead and injured disclosed that but one man had lost his life last night. The list of injured, however, has increased, of these two were said to be dying.

### Shoplifter Is Nabbed by Woman Detective

DENVER, March 27.—Fearing arrest on a charge of being a shoplifter after she had been detected by a detective who pursued her more than a block through the downtown district Monday, a young woman well dressed and having excellent social connections struck the woman detective across the face with her silver handbag and tried to escape.

The woman detective, a member of the De Lue agency force, gave chase again, her face bleeding from a contusion caused by the heavy handbag.

Attracted by the scene and by the blood flowing from the pursuing woman's face, a small mob joined the chase, which began in front of the Equitable building on Seventeenth street. Pursued and pursued into Hout street where the fugitive attempted to escape by running up a stairway into a building. She stumbled in mounting the stairs and before she could recover was captured by the detective.

Taken back to the Denver Dry Goods company store and searched several yards of fine lace were found in the woman's possession. She confessed to having stolen the lace. Her name is being withheld as she has promised "never again."

### ITALIANS ROUT TURKS

LONDON, March 27.—The Turkish army in Tripoli has achieved a great victory over the Italian army, whose losses were 27 officers and 3,500 men killed and wounded, according to the report of the Turkish commander at Benghazi, received here today from a special correspondent at the Turkish headquarters.

The location of the battle is not given in the report, which says that the entire camp equipment of the Italians fell into the hands of the Turkish troops. The Turkish commander says that the casualties among the Turkish and Arab troops numbered only 150 killed and wounded.

The chairman called the meeting to order again and upon a motion passed by a large majority the roll was called, giving \$54 and \$100. The roll call was made from 22 of the 42 counties in the state, six voting solid and the remainder being split.

When the roll was called, Devine called some enthusiastic Taft delegates. The answer came, "Yes, all right. Where all right? Today? The Progressives had the majority when it came to the meeting thanks to A. F. Witwood of Weld county, who seemingly is a just one of the position of Taft leader.

Devine Takes Chair. Chairman Devine came forward for some reason unaccompanied by a committee of his followers and received the gavel from McDougal. Thereupon he made a lengthy speech in which he talked principally against the proposed reduction of the tariff on beet sugar. He also hit the Democratic party for the shortcomings in the past.

**MINORITY RESOLUTIONS.**

"Theodore Roosevelt, once president of the United States, long the unquestioned leader of the Republican party, is again being summoned into the service of our people by force of unexpected circumstances. His nomination is the Republican party's one assurance of victory in 1912, and it alone guarantees the successful continuation and execution of the progressive and constructive policies of our party and of the nation.

"Inasmuch as his supporters in this convention, representing a preferential primary vote of Republicans in their respective counties, constitute more than one-fourth of the delegates:

"Therefore, we endorse the candidacy of Mr. Roosevelt and declare it to be the sense of this convention that he be given two delegates to the national convention, representing that part of this convention favorable to his candidacy."

As was expected, the standpat leaders greeted this resolution with a great ovation—or cat calls—and their faithful henchmen immediately fell in to line and mocked their idols. One of the delegates seated on the platform said, in a stage whisper, to Chairman Devine, "Run the roller over it quick. Don't lead them on and let them think they can pass it."

What Standpaters Feared. However, the chair had recognized Vincent and was forced to let him talk. Vincent's address was the one thing the standpaters had feared ever since Monday night, and when he stepped upon the platform Devine was prepared to cut the speech in two if necessary.

Vincent gave an instructive talk, showing many of the henchmen a few facts they were not familiar with, although they refused to remain quiet long enough to hear everything the speaker said. Vincent tried to show the convention that the Progressives were entitled to a pro rata division of the delegates. Notwithstanding Vincent was jeered and hissed he kept the floor until he finished his talk. His address appears on the first page of this issue.

C. C. Dawson of Denver did not like the flavor of Vincent's speech, and went to the platform, and although he said he had not intended to address the convention, he denounced pretty nearly everything Vincent had said and tried to point out defects in the minority resolutions.

Griffith Cites Facts. Attorney General Griffith followed Dawson with a short address, pointing out that Roosevelt is the only Republican who has carried Colorado since 1888, and is the plausible candidate this year. He also pointed out that the convention had been called 60 days earlier than was the custom, as a result of underhand methods, and that the sentiment expressed at the convention was not the true sentiment of the people of Colorado. He spoke of the preferential primaries and showed that in practically every county in which they were held a Roosevelt delegation was elected.

F. C. Goudy of Denver, who rides the steam roller and who helped to run it over the Roosevelt men in Denver last Monday, addressed the convention and in a very knowing way said that Roosevelt cannot be elected. His talk was for the most part against the split delegation to the national convention.

As Goudy closed his remarks, J. C. Ewing addressed the chair and asked for two minutes, which was promptly refused him. He repeated his request and again was refused, the chair saying he had given each side two talks, and that was sufficient. While Ewing was trying to address the convention, the cries of question were so loud and numerous that even the heavy rap of the chairman's gavel could not be heard at any distance.

Minority Resolution Lost. With Ewing and several of his colleagues on the floor demanding recognition, Devine put the question on the substitute resolution, which was declared lost. Vincent demanded a vote by counties, but the chair had climbed into the roller and turned on the full pressure of steam, and nothing could stop him. Four or five minutes he vainly insisted that a vote by counties be taken. However, the Progressives showed their building spirit and did not stop their demands until the original majority resolution was passed.

The next business was the choice of eight delegates and eight alternates to the national convention. Judge Cavender moved the election of the 16 Taft men on the slate as named above. Vincent announced the resolution to substitute Ben Griffith for Crawford Hill and J. C. Ewing for A. M. Stevenson, and to send the delegation unimpaired.

Majority Measure Passed. Burke of Morgan county protested against the Denver delegation taking three of the national delegates, saying that other parts of the state should receive representation. After two minutes of strong talk on this point, Devine, in a more gentle way, ordered Burke to close his speech. Without taking into consideration what he said, the chair called for a vote on the resolution presented by Judge Cavender. The roll call resulted in 66 in favor of the resolution and 33 against it.

Being of Pueblo then nominated the one man from the subdivisions, Simon Guggenheim, the national convention delegation from Colorado. Guggenheim made a very short speech, and said that Denver would give him 100 votes.

J. C. Ewing of Greeley in a short and concise speech, nominated "a man who needs no eulogy," Philip B. Stewart of Colorado Springs. The vote resulted in 67 for Guggenheim and 61 for Stewart. Archie Stevenson declared that he had no chance against Simon, and his name was not put up.

The work of the convention being completed, Springs locked up the platform machine, moved that the

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purify to the blood. It is like the phosphate which supplies nature with the substances that build up the crops. The far-reaching action of

Doctor Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss Loretta Kestner of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctoring with three different doctors yielded no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. I could eat scarcely anything although I was hungry nearly all the time. About one year ago I bought a bottle of Doctor Pierce's Golden Medical Discovery, and after having taken several bottles I am now a healthy, robust man. Can now eat without distress and have gained fifteen pounds in weight. I thank you for your remedy and wish you all success in your good work."

(Continued From Page One)

tion is doing for the world of industrial transportation.

Clearly Define Wrongdoing. It should be the policy of the government clearly to define and punish wrongdoing, to give in advance full information to every man just what he can and what he cannot legally do.

The people of this country are not afraid of the mere size of a business enterprise providing it is honestly organized and honestly managed. But they feel that such size carries with it a potentiality of wrongdoing that makes it necessary that the nation and if necessary the states shall exercise over big business a control and supervision which are unnecessary as regards small business.

In my message to congress, and in my speeches while president, I again and again pointed out that the antitrust law by itself, and without such additional legislation as I then outlined, and have since outlined, could not do anything of permanent value. The result has exactly and precisely justified what I then said.

The antitrust law should not only be strengthened, but it should be made more effective against trusts guilty of anticompetitive practices, but the real good, the greatest good, will have come through totally different legislation modeled in part upon the laws which I have outlined, and have since outlined, which in connection with our national banks and in connection with interstate commerce.

Play Into Each Other's Hands. It is curious to see the worst of the big business interests and the least wise of the extremist agitators playing into one another's hands in trying to preserve the present system of chaos in business law in preference to a system of ordered supervision and control.

It is the duty of the federal and state governments, each in its own sphere, at once to begin a policy of supervising the organization and managing of big corporations so as to make it possible for small investors to take an equal interest in the ownership of shares and stock in all corporations which are subject to governmental control.

In the case of the national banks, the government should directly supervise the management. The application of these principles (with whatever variation the special needs may require) to all classes of big business under competent administrative direction would be most effective in protecting the rights of the people against the greed of the trusts and monopolies than all the decisions rendered by the courts during the past 20 years.

Enough friends for what I have to say about business.

Now, the fundamental issue in this fight is an issue of honest decency, fair play. Have the people the right to rule?

Not Ordinary Factional Fight. This is not an ordinary factional fight. It is far more important even than any ordinary party fight. The issue is in substance whether the government is fit and able to govern themselves or whether they are to be governed by those machine politicians whose close alliance with the worst forms of big business has produced nine-tenths of the corruption and degradation of American public life.

Colonel Roosevelt said that President Taft had committed himself to the doctrine of the rule of the people by a "representative part of the people."

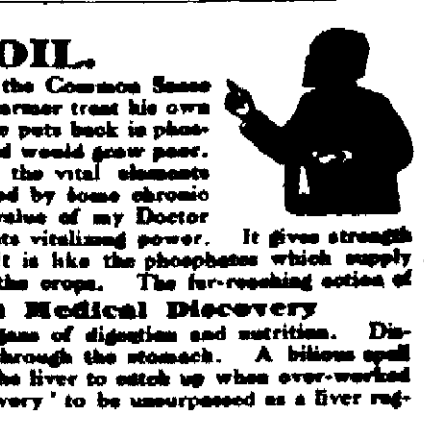

In pursuit of this theory of government, he continued, the president's political fortunes are now committed to the political machines in the various states which are led and controlled by men like Mr. Sawyer in Minnesota, Mr. Keeling in Indiana, Mr. Penrose in Pennsylvania, Mr. Baile in Washington, Messrs. Barnes and Keogh in New York, Mr. Galloway in New Hampshire, Messrs. Guggenheim and Evans in Colorado, Mr. Aldrich in Rhode Island, Mr. Cox in Ohio, and Mr. Lorimer in Illinois. These are the men who, when his theory is translated into actual practice, actually appear as that "representative part of the people which is to govern all the rest of the people."

Colonel Roosevelt then turned to the primary election in New York, yesterday, to substantiate his charge.

Such Contents Criminal Forces. Before the election took place, the speaker continued, I denounced it as a criminal farce because, under the wicked law which had been thrust upon New York by the machines of the two parties, Mr. Keogh had been elected to state all the judges, and the judges at the primaries in the county of New York, and had already used that right to throw out over 100 of the taxpayers simply because it was known that they were supporting the Roosevelt ticket. Every inspector kept was an anti-Roosevelt man.

As I have said, such a primary contest is not merely a farce, but a criminal farce. The mob notoriously elected, Mr. Keogh, and he is now a judge, and the mob cannot, if they wish to preserve their reputations as honorable men, consent to accept positions as judges. The results in such a primary election are not a true representation of the people, but a true representation of the machines of the two parties.

What was done in New York is substantially what was done in Indiana and in Colorado. Against all the efforts of the Keeling machine in Indiana, we carried the state convention, and then by fraud and action which can only be called brutal in its utter defiance of decency and the will of the people reversed the result. The men honestly elected of course decided to abide by the result, and held a separate convention. They would have done so in their duty had they not done so in the Keeling Taft state delegation in Indiana, and in the Keeling Taft state delegation in Colorado. Actions are in no shape or way representative of, or binding on the rank and file of the Republican party in Indiana.

**Scored Guggenheim-Evans Machine.** The same thing was done in Colorado by the Guggenheim-Evans machine. Outside of Denver, in spite of every species of attempted trickery and unfair play, we carried the majority of the delegates, but we were beaten by the most outrageous methods in Denver itself by the Guggenheim-Evans machine. If you wish to know just precisely what the Guggenheim-Evans people represent, and what they are, I ask you to read Judge Ben Lindsey's book, "The Beast and the Jungle." Hunt up the career of men like Phil Stewart of Colorado Springs who made the fight for us and men like Lindsey who, although not in the Republican party, has stood straight with us in this contest, and compare them with records of Messrs. Guggenheim and Evans. What side represents the cause of the plain people, which side represents the cause of decency and honesty in political and business life.

In all these places our opponents have shown that they wished to win by any means, no matter how foul and that they will not abide by the decision of the people. We ask nothing excepting that the people themselves be permitted to say what they want. There never has been a clearer lineup in the history of this country than the present lineup.

Now, men of Illinois, it is for you to see that your legislature really represents you and gives you a genuine direct primary, where you can express your preference for president and make the legislators understand that to kill the bill by dodging the vote is even meaner than voting against it.

**INTERESTS FRIENDLY TO D. & R. G. TO GET MIDLAND**

DENVER, March 27.—J. F. Valle, general counsel of the Denver & Rio Grande railroad, after his return yesterday from New York where he attended the monthly meeting of the directors of the road, intimated that interests friendly to the Rio Grande would take over the Colorado & Southern's holdings in the Colorado Midland. While reluctant to discuss the probable effect of the New York supreme court's decision, he declared that he did not think the Rio Grande would itself, or through its banking affiliations, take over the half interest in the Midland, which is now offered for sale.

As Blair & Co., the Rio Grande's bankers, had made overtures to the Colorado & Southern for the purchase of that road's holdings in the Midland, it was generally believed that the New York banking house signed to take over the half interest, holding it as trustee for the benefit of the Rio Grande.

Valle's statement indicates that the Midland may now be made independent of both the Rio Grande and the Colorado & Southern. A representative of Blair & Co., is credited with the declaration that the Midland could be made a paying proposition under independent management. The Rio Grande itself would be unable to absorb the Midland, because of a state law prohibiting the consolidation of competing lines.

If, as Valle's statement seems to indicate, interests friendly to the Rio Grande should buy the Colorado & Southern's interest in the Midland, the same ends would be accomplished as though the Rio Grande had bought it outright, for in this event, arrangements would doubtless be made, whereby the Grande would make use of the Midland as a second track to Grand Junction.

## GIVES PLEASING RECITAL TO NUMEROUS FRIENDS

Mrs. Marie Cashewier yesterday afternoon gave the first of two piano recitals planned for her friends at her studio, 112 S. Tabor street. Mrs. Cashewier's first appearance since her return from abroad, where she spent two and one-half years in study with two of the leading instructors of Europe. The second recital will be given this afternoon.

Mrs. Cashewier's invitation list yesterday amounted to about 75. Those who heard her had nothing but high praise for her remarkable ability. In entertaining her guests, Mrs. Cashewier was assisted by Mrs. H. A. Hamilton, Dr. Josephine Peavey, Mrs. Henry Hawkes, the Misses Mary Lee, Edith Taylor and Lucile Keys. Little Miss Dorothy Davis was at the door. Mrs. Hawkes presided at the tea table.

Mrs. Cashewier is planning to give a public recital in some hall within a short time. Yesterday afternoon, in addition to the program, she responded to an encore with the Russian's "Jardin sous la Pluie." The program follows:

- Ronald G. moll Schumann
- Andantino
- Scherzo
- Rondo
- (a) Etude Schumann
- (b) Andante, Finale from "Luzia di Lammermoor" Lechetsky
- (c) For the left hand alone

## A COMMITTEE TO SELECT DR. FRANKLIN'S SUCCESSOR

At a meeting of the members of the First Baptist church last night the following committee was elected to arrange for the engagement of a pastor to succeed the Rev. James H. Franklin, who recently resigned to accept a position as foreign secretary of the American Foreign Baptist Missionary society: H. S. Fairchild, C. E. Emery, Robert Croshaw, T. P. Kinney, T. J. Fisher, Mrs. M. C. Colburn, A. J. Minor, Mrs. G. W. Pauly and J. F. Shlotter.

No name was mentioned as a probable successor to Dr. Franklin. The committee will meet at a date to be arranged soon and a chairman elected.

The following resolution of appreciation of Dr. Franklin's services here, drawn by a committee composed of T. J. Fisher, C. E. Emery, Charles E. Bennett, W. P. Kinney and H. S. Fairchild was passed unanimously:

**Resolution of Regret.**

Whereas, The church has accepted the resignation of our pastor, the Rev. J. H. Franklin, D. D., tendered in order that he might become foreign secretary of the American Baptist Foreign Missionary society;

Resolved, That we desire to place ourselves on record as having complied with his request with the most sincere regret, and only because we believe that it would be wrong for us either to oppose any obstacle to his having larger scope for the employment of his gifts, or to seek to withhold from the great work of world evangelism, the service which, with his physique and his qualities of mind and of heart, he is peculiarly fitted to give.

At this parting of the ways, we cannot refrain from expressing our profound appreciation of Dr. Franklin's noble life and ministry in Colorado Springs. Void of offense, broadly tolerant, generous in the extreme, a foe to evil, with a genius for organization, zealous and indefatigable in labor, warm of heart, giving sympathy where needed and advice where desired, he has lived a life and done a service which has ennobled him to our affection, and for which we are profoundly grateful. "He hath considered the poor," and like his divine exemplar, "he suffered the little children to come unto him, and they have accepted him." He has been a true and faithful shepherd to all. Bringing a simple gospel message, the people have heard him gladly. Inspired by him, the church has grown and has realized, in a larger and more practical way, its privilege and responsibility. His spirit dominant, dissection has found no place.

While bringing honor to his own denomination in the city and state and nation, he has belonged to no one sect or faith. With a lively interest in everything that could make for the betterment of man and every phase of human life, he has won the esteem of all earnest souls in both high and low station, of all creeds and of no creed, and has done much to make all mankind akin in Colorado Springs.

While therefore we rejoice that those on whom life is a duty, are henceforth to have the chief place in his heart, his most powerful thought, and the best that his untiring energy can do, we greatly deplore his departure as a distinct and serious loss to the church, to the community and to the state.

## RAMAH MAN HAS PLACE ON DEMOCRATIC COMMITTEE

W. T. Christopher, chairman of the Democratic county central committee, yesterday appointed T. B. Kitch of Ramah to succeed R. P. Ady, who recently removed from the county, as a member of the executive committee of the central committee.

In making the selection Mr. Christopher thought that some "pragmatist" should be given the job in part of El Paso county.

## SUBSCRIPTION FUND HAS REACHED \$3,405

Subscriptions to the campaign of Commerce fund now total \$3,405. When \$400 was received yesterday. Three subscriptions of \$100 each were received from the Reed Investment company, William B. Clark and J. M. Remis, respectively. This is the second donation of \$100 made by Mr. Remis.

The trustees of the fund will meet in the next few days to consider plans for the distribution of the fund. It is desired that as much money as possible be collected during the next two weeks, as the farmers are anxious to begin plowing and cannot wait their teams weakened by the severe winter. It will be necessary to feed for a week or two before the horses can be used.

As yet there has been no soliciting of funds by the members of the committee, other than the appeal through the newspapers. But the members will soon begin personal work to raise the whole of the \$100,000 badly needed. The following subscriptions have been received:

- Previously announced \$3,405
- J. M. Remis 100
- Reed Investment Company 100
- William B. Clark 100
- Edward W. Hart 100
- Charles T. Wilder 100
- John E. Kne 100
- Mrs. W. W. Ranney 100

## MEMBERSHIP BODY TO MEET TOMORROW NOON

The committee on membership of the Chamber of Commerce will meet tomorrow noon at the A. A. A. building in regular monthly session. Following luncheon, the reports of the committees will be given on the progress made in the department last month and plans for the spring campaign will be discussed.

This committee has been organized since the middle of February and has been working quietly since that time. It is thought that the reports will show a substantial gain in membership.

Following is the committee: E. W. Kent, chairman; A. R. Allen, H. M. Carlisle, L. G. Carpenter, Miles Cook, Arthur Conforth, E. G. Davis, A. C. Denison, M. A. Ege, Dr. E. A. Fagan, J. M. Ferriss, D. S. Fisher, Dr. W. W. Floss, D. S. Gilmore, F. G. Haxner, W. C. Jones, R. L. Lortman, Dr. P. M. Lennox, H. L. Logan, C. C. Osborn, W. W. Postlewhite, M. W. Purcell, R. C. Robinson, W. H. Sims, J. R. Tabor, A. B. Williams, W. W. Williamson.

Children are much more likely to contract the contagious diseases when they have colds. ## COLORADO VOIERS IGNORED

Expected to Be Allowed One Delegate to Republican Convention Protest Meeting Tonight

The Republican colored voters of Colorado were given no representation in the selection of delegates to the National Republican convention, although it is claimed that they had been promised it by the machine organization in Denver. A large number of delegates from different parts of the state came to Colorado Springs in the expectation of being allowed one delegate, but they received no recognition yesterday.

A meeting will be held at the court house tonight when resolutions probably will be adopted condemning the action of the convention in disregarding the colored delegates.

During his recent trip to California, W. K. Korte secured plans and ideas for the apartment house which he proposes to construct on East Platte avenue, opposite the High school, as announced some time ago. Work will be started within a short time as the house will be patterned after a Los Angeles apartment house. The apartment house is located in Los Angeles, considered to be one of the most modern structures of its kind in the country. Mr. Korte will build on a 10-acre lot, and the structure will cost about \$100,000. The building, three stories high, will contain a heating plant for the proposed new structure as well as the existing apartment house. Mr. Korte is also planning for a companion apartment to the main house and has a definite assurance from the city that the structure will be built on the lot.

Colorado Springs, Colorado  
January 1, 1912

The Shields-Morley Grocery Company, Colorado Springs.

Gentlemen:—I wish to thank you very kindly for the box of New York Havana Cigars which you kindly forwarded me with at Christmas time. It is with a great deal of pleasure that I acknowledge the receipt of this opportunity to afford me the privilege of smoking New York Havana cigars continuously for over 20 years, from the very first time they were placed on the market, and during all this time the quality has remained absolutely the same. I smoke nothing else and take great pleasure in recommending them to my friends whenever an opportunity presents itself.

Again thanking you and with kindest regards, I remain, Yours very truly,  
J. M. ELLISON

New York Havana cigars are carried in all hotels, cigar stores, drug stores, and everywhere cigars are sold in the state of Colorado.

They can be secured on all dining car services, and on local and transcontinental lines passing through Colorado from Chicago, Kansas City, and Saint Louis, to San Francisco, Los Angeles and Salt Lake City.

We have been asked where these cigars could be secured in Denver. They are carried by:  
The Bert Davis Cigar company, Sixteenth street, Denver, and  
The Champa Cigar company, Seventeenth street, Denver.

## SPECIAL PAMPHLET BY DENVER & RIO GRANDE

The Denver & Rio Grande has just issued a special pamphlet for wide distribution in the east, for the Myrtle Shippers convention, to be held in Los Angeles, May 6-8. More than 10,000 copies have been issued. The pamphlet contains a special write-up of Colorado Springs and vicinity and other Colorado cities, with a large number of cuts.

## GO TO THE RESCUE

Don't Wait Till It's Too Late—Follow the Example of a Colorado Springs Citizen.

Rescue the aching back. If it keeps on aching, trouble is backache is kidney ache. If you neglect the kidneys' warning, look out for urinary trouble.

This Colorado Springs citizen will show you how to go to the rescue. W. A. Imeson, Helen Hunt school, Colorado Springs, Colo., says: "While living in Brockton, Mass., 10 years ago I had Doan's Kidney Pills brought to my attention and a trial of this remedy, at that time convinced me of its merits. For quite awhile I suffered from backache and pains across my loins, and the attacks were so acute at times that it was impossible for me to do any work that required stooping or lifting. Doan's Kidney Pills did their work perfectly, and I have had little or no cause for complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., 3 E. 10th, New York, sole agents for the United States.

# Colorado City DEPARTMENT MAY WITHOLD LICENSE

The city council has made a visit to the ground in the north part of the city, where it is proposed to open up two new streets, to be known as Twelfth and Thirteenth streets, crossing Colorado avenue just below Adams crossing. The members were said to be in favor of the plan, but will not decide the question until the meeting of the council, Monday night.

At this meeting the saloon license for the year will be granted to eight applicants out of time. It is probable that a fight will come up over the application of Henry Geisinger, who is said to have used bribe money to obtain his license last year.

## RESOLUTIONS OF SORROW

The following resolutions have been passed by William J. Palmer, post No. 19, G. A. R., on the death of Jacob Abendshian:

Whereas, It has pleased the Great Commander of the Universe to remove from our midst our late comrade Jacob Abendshian; and

Whereas, It is but just that a fitting recognition be made of the many virtues which he possessed; therefore be it

Resolved, By William J. Palmer post No. 19, G. A. R., that while we bow with humble submission to the will of the most high, we do not the least grieve for our comrade who has been taken from us.

Resolved, That in the death of Comrade Jacob Abendshian, this post laments the loss of a comrade who was ever ready to prefer the hand of aid and the voice of sympathy to the needy and distressed of this fraternity; an active member of this post, whose utmost endeavors were exerted for its welfare and prosperity; a citizen whose upright and noble life was a standard of emulation to his fellows.

Resolved, That the heartfelt sympathy of this post be extended to his family in their affliction.

Resolved, That these resolutions be spread upon the records of the post, and a copy thereof be transmitted to the family of our deceased comrade, and to each of the newspapers of Colorado city.

## ATTACKED BY COW

Mrs. John Cruts, wife of Constable John C. Cruts of this city, was attacked and seriously injured by a cow yesterday afternoon. Her left arm was broken and she was badly bruised about the head and chest. Mrs. Cruts was driving a young calf into a corral near her home when the cow struck her, knocking her down. Mrs. Cruts was unconscious for a time, but was resting easy last night.

MARRIAGE—Miss Louise D. Carpenter and J. H. Morgan, both of this city, were married last night at the home of Mr. and Mrs. C. S. Ralbach, 283 North Walnut street, by the Rev. James H. Franklin, pastor of the First Baptist church. They will make their home in this city.

# Famous "Pint of Cough Syrup" Receipt No Better Remedy of Any Price Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (40% extract) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 80%. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a soothing effect on the inflamed lining of the throat, and is an excellent remedy for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or extract) is a prime receipt in thousands of homes in the United States and Canada. The plan has been initiated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quinine and other natural healing pine elements. Other preparations will not work in this recipe. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

# OPEN PARLIAMENT A DARK PICTURE

(Continued From Page Four)

surrounding Pope Pius IX. In 1860, answered at Garibaldi's favour, Mazzini, Victor Emmanuel and other Italian patriots; but, September 20, 1870, they were glad to be permitted to suck their own thumbs. You know the story of the standard-bearer of England before the American Revolution: of the house of lords prior to 1811, of Brazil, of Turkey, of Portugal, of China.

It has been calculated that there are in the United States five and a half millions who, 10 days ahead, have not the assurance that they will have bread enough for a full meal a day; and yet the Welsh family lately could give a dinner in Washington, D. C., costing \$30,000.00 for flowers alone spending \$3,000.00, and a very large sum for the choicest wines.

"Oh," said a Texas lady, "think how much good that spending of money will be in giving work to those who need it."

So! The \$3,000.00 went to a slave-driver in England, and the wines of America were not good enough, so, in France, they fattened the pocket of another slave-driver. Even if the flowers had been grown and the wines made in America, it would have been the slave-drivers who would have pocketed the money. It is doubtful if one cent would have been added to the income of the laborers. Tired muscles and tired bones and tired brains and overstrained nerves would have been the portions the laborers would have gathered from the whirlwind rush hours to fill the contrivance.

Suppose there comes a panic the coming fall or some nearby year (and Wall street, that ordered the panics of 1893 and 1907, as object lessons for congress and the people of the United States, can order one whenever it pleases), and who can count the mouths crying for bread? Can you blame the starving if they seize all in sight? What will this mean?

I will tell you. It means the closing of the theoretical treacherous conflict and the beginning of the practical. It means a hundred thousand McNaughten's in action. It means a super-heated hell alike, obnoxious alike to the honest and the dishonest capitalist. Here is the rub. And when the work is finished, "the that sitteth in the heavens shall laugh."

This is the lesson of history to me. This is the lesson of my own experience—knowledge of mankind and his ways, learned well before and during our civil war. These lessons make me a Progressive—an evolutionist. I read revolution with its useless destruction of property and life. Ten thousand families practically own America, body and soul. Why should all the others have to pine to these cold-blooded, heartless knaves? Better that these few hundred families should be reduced to \$3,000.00 other American citizens should be held in chains to be robbed and starved and wrecked in shame. Think of the steel company depriving tens of thousands of men, women and children of a just wage, of liberty, of passing pleasures, of life itself, for nine years, while the promoters and beneficiaries were gathering in, in way of profits and pelt, one thousand million dollars!

Well! Well! Well! These surely are days that try men's souls. Victory, however, is sure on the side of justice. It may not come before a baptism of blood. But it will come, and it will not come to the physical capital. Then will follow the brightest day in all history. And the gates into the City Beautiful will be lifted up and the brotherhood of the superman will enter in, and the people will greatly rejoice, because they have come into possession of all that is left of their own.

## HEALTH AND PUBLIC SCHOOLS

To the Editor of The Gazette.

Through the courtesy of The Gazette we beg to reply to the "Humanitarian Taxpayer" in last Sunday's issue.

First, we think that the writer has an axe to grind. If not, why should he be so ready to assume that the board who wishes to know how to invest \$4,000 to the best interest of

his widow intended to step on his toes. He seems to be well informed as to what state have compulsory medical law, but of course we are not supposed to assume that this article was written by a member of the American Medical association.

Mr. Humanitarian Taxpayer, if you are so well informed you will know that the subject of compulsory examination of school children was thoroughly thrashed out by our legislative assembly with the result that members of that body saw in it a medical trust and would not permit it to pass. A compromise was effected, however, giving them all that was considered necessary, which reads as follows: "The teacher or principal in every public school or where there is no principal the county superintendent shall, during the first month of each school year, test the sight, hearing and breathing of all pupils under his charge; such examinations to be made by observation without using drugs or instruments, and without coming in contact with said child; and shall keep a record of such examinations according to the instructions furnished and make a written report of each examination to the state superintendent of public instruction as he may require."

But I hear the cry that the teachers are not competent to make such examinations; the question arises as to whether or not such examinations are advocated by the doctors as a means of saving the people. And given as to whether the doctors are competent to correct the wrong or not after they have found it. The writer is not a practitioner nor does he belong to any religious sect that pretends to heal the sick, but I will tell you my friends in this age where operations, vaccinations, and serum therapy seem to be 99 per cent of the allopathic experimentation. It will pay our liberty-loving citizens to think seriously before they allow these medico-politico-hyenas to pass laws that will compel us to submit to such experiments upon our children.

I am the parent of school children and I have no right to make against any physician who has enough business to attend to his own affairs without meddling with other people's affairs. Those who are of age must wonder how we ever grew up without being medically inspected, and "Mr. Humanitarian Taxpayer" you are either prejudiced or misinformed regarding the object to be gained by passing such laws. At every legislative assembly legislators are confronted with from 10 to 20 different bills and measures, ostensibly related to "the protection of our dear people," and invariably these bills are presented by political doctors who have nothing to do but hang on to the coat tails of the legislature and ask for special favors. The American Medical association is a full trust; they are seeking to get their tentacles woven into every political affair and into every public institution of our land under the guise of "protecting our dear people," and it is time that the people were aroused to a realization of this fact, and use means to protect themselves against such monsters. Their claws should be trimmed.

I am writing this article as a private citizen. I am a member of the National League of Medical Freedom and I resent the accusation by my opponents that it is financed by the patent medicine interests. It is a false accusation and not well taken. The league has about 300 members in Colorado Springs. The league is a national affair with headquarters in New York city and branch offices in 12 states. The Colorado branch office is in Denver at 627 First National Bank building, and "Mr. Humanitarian Taxpayer" I would suggest that you send to them for literature and inform yourself.

The accusation is intended to create a public sentiment against the league, but such false accusations only tend to make the league stronger. I am familiar with the objects of the league. Its object is to disseminate information pertaining to and to safeguard through education and publicity the rights of the American people against unnecessary, unjust, oppressive, paternal and un-American laws ostensibly related to public health.

It advocates the rights of the people to employ the practitioner of their own choice. It is in favor of hygienic, sanitary and quarantine regulations, and there can be no objections by any liberty-loving citizen to such an organization. On the other hand, its membership is composed of representatives of all schools of healing as well as several hundred thousand laymen, and I am sure that 99 per cent of our citizens would become members of the league if they would consider the great good that it is doing.

As to Massachusetts being a model state for compulsory examination in the public schools, we would call your attention to an article in "The Boston Times" condemning such practice and calling upon the public to join them in a vigorous protest against it.

As to the hygiene teacher who, I understand, is a sweet little woman, would seem to be a harmless affair, if this had not been the first step in other states to secure special legislation to that privilege seeking class. The law does not provide for a visiting nurse to be appointed by the school board for the public schools, and knowing well that the school board is bearded in his den, we should not set up a vigorous protest against such appointments by the school board. The school board has the sacred rights of the people to deal with, they have pledged themselves to comply with the law, and we have good reason to believe that they are law abiding citizens and will comply with the law, unless by misrepresentation or otherwise they are led to believe that they have a right to do otherwise.

"Mr. Humanitarian Taxpayer," the writer believes in religious freedom, political freedom and medical freedom and any laws to the contrary, in my opinion, would be unconstitutional. Blackstone says: "No man is bound on the human subject which assault the body or violate the conscience," and in my opinion compulsory medical inspection of our school children will result in both, and no doctor nor set of doctors can experiment on my children without my consent, and even then I do not believe I have the right to allow it.

Well do I remember the outrageous experiment upon 100 orphan babies in Philadelphia by the inoculation of tubercle into their eyes with the result that one-fourth of the number died, many more were blind and others

## Average School Attendance, 4,526

Superintendent Cole of the Colorado Springs public schools has issued the report for the month ending March 15, showing an average attendance of 4,526 out of 4,818 belonging. The report, which follows, was delayed this month because of the rushed work of the teachers just before the spring vacation.

The Fraternal Brotherhood, with home office in Los Angeles, has sent Deputy Supreme President C. Frank Jackson here in the interests of Colorado Springs lodge No. 671. He will have offices at 1221 East Pike Peak avenue, room 2. This is a beneficiary society, admitting men and women on equal terms. Colorado Springs lodge is making an effort to win the leather banner to be given by the state officers to the lodge making the greatest gain during April, May and June.

## News of Local Courts

J. S. Grunwell was sentenced to the reformatory yesterday by District Judge Morris on a plea of guilty to a charge of forgery. Oscar Turner, negro, pleaded guilty to assault with a deadly weapon, and was sentenced to serve four months in the county jail and pay a fine of \$100 and costs.

James Davis was fined \$10 and costs in police court yesterday morning on charges of intoxication and begging. Davis was arrested at the Antlers hotel where he was soliciting funds for food. He gave the appearance of being a cripple, but the officers found that he was "faking."

A jury in the district court before Judge Morris is hearing testimony in the case against James Murray, accused of stealing \$50 from C. F. Owens several months ago. Murray pleads not guilty. The case will be taken up again this morning.

Walter A. Brown brought suit against the Lake George Development company in the district court yesterday, asking \$1,500 damages for alleged injuries received when a cake of ice fell on his

# S.S.S. CURES ECZEMA, ACNE, TETTER ETC

White Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside surface. These afflictions are caused by irritating humors, or uric acid in the blood. Such impurities inflame and irritate the delicate network of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains impure. This eruption causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infections. It is very readily seen that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and tend to keep the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, scald blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

# Girls

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and overworked myself, and had such bad feelings every month that I could hardly wait for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss Cecelia M. Bauer, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:  
Geneva, Iowa—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown. I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and wholeheartedly recommend them to every suffering woman."—Miss Minnie Mayne, R. F. D. No. 1, Geneva, Iowa, ex-School Teacher.

A COLORADO GIRL'S CASE:  
Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headaches, was weak and nervous, could eat scarcely anything. I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person. I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss Ella McCandless, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?  
Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female troubles. If you ever feel with us, write to us at once. We will send you a free copy of our book, "The Women's Friend," and a bottle of our best medicine, made from roots and herbs, is guaranteed to many suffering women to bring relief.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

TALKS TO STUDENTS—Herbert Putnam of Washington, D. C., addressed the students of Colorado college yesterday morning. Mr. Putnam is head of the national library at Washington and he addressed his subject, Libraries and How to Use Them.

EMBROIDERY SALE—Mrs. D. Bryant Turner, Mrs. Horton Pope and Mrs. Charles Haughwout, prominent members of the Denver society, are sponsors and will be in charge of an exhibit and sale of Madeira embroidery to be held today and tomorrow at the Antlers. Embroidered dresses for

## Macaroonis

You can't make better macaroonis at home than we can in our splendidly equipped bakery, but if you should want to try it, use S. & C. Almond Preparation. It is made from specially selected high grade imported shelled almonds, and is absolutely pure and wholesome.

Many delicious pastries and fancy cakes can be made with it. Two sizes, 25c and 45c.

We have a new lot of Shooked Whitefish, also Austin's Dog Bread.
